Dear Mr. Bennett:

I would appreciate very much receiving a full set of reprints of the papers presented at the First Congress on the Information System Sciences in November, 1962. If a full set should not be available, I am particularly interested in the papers by Thompson, Davis, Licklider, Minsky, Truxal, and Scheibel. However, I am anxious to see all of the papers if that is possible.

Thank you very much for your cooperation.

Sincerely yours,
